Hoopla Checkouts Reduced effective **September 1, 2017.**

Hoopla is the eResource that enables patrons to download or stream a variety of formats including music, movies, eBooks and audiobooks and has become extremely popular. The service uses a pay-per-transaction cost model. Each month, these costs continue to rise. To allow patrons to use this service while maintaining the breadth and content available, we are decreasing the monthly loan limit from 10 items to 5 items.
